Retailer Privacy Notice Update

On May 25th 2018, the General Data Protection Regulation (GDPR) will come into force in Europe. Vauxhall Finance plc is making all the required changes to ensure that we are fully compliant and up to date with the upcoming change in data protection legislation.

As a result we have made the changes to the attached Retailer Privacy Notice, which forms part of the Dealer Retail Agreement, for you to read and review how Vauxhall Finance plc and our trusted partners process your personal data. It also contains information about the new and enhanced rights that are now available to you in relation to your personal data.

Please be assured that your personal data is safe and secure. No action is required from you, however if you have any questions or requests regarding this letter, upcoming changes, or the privacy notice attached, please contact our local data protection officer by emailing ukdataprotection@ov-fin.com or alternatively you can write to:
